

ALL ABOARD FOR ALL GATES!

Join us on our next outing, a trip to the brewing capital of Western Europe: Wigan. On **Friday 14 May** we'll be visiting the popular All Gates brewery, set up in 2006 in a Grade II listed building near the main post office. It's an old tower brewery that has been lovingly restored, and which now houses a modern five-barrel plant. All Gates has its own estate of five pubs, one of which we will also be visiting on the night.

Seasonal beers are brewed, together with the main portfolio, which includes *California*, an easy-drinking 3.8% bitter, *Mild at Heart*, a malty, fruity dark beer (3.8%), *Young Pretender*, also 3.8%, a pale, hoppy beer, with hints of lemon fruit, *Pretoria*, a golden ale with a distinctive bitterness and aroma (3.9%), *Bright Blade*, a light golden ale with a hint of ginger (4%), and *Porteresque* (4.4%), a classic style porter.

The programme for the evening includes arriving at the brewery at 1930, with an introductory talk and short tour of the premises, followed by plenty of "sampling" in the comfortable bar. We'll later go to the near-by Anvil pub for more beer and where sandwiches will be provided, before setting off for home at around 2315.
